2026 ATHLETE GUIDE

Saint John Trail Running

[VISIT THE EVENT WEBPAGE](#)

Welcome to the 2026 Rompin' Rockwood!

A little history. In 2016, local trail legend, Bryan Gagner launched what is still known today as the 'Rompin' Rockwood'. Frustrated that one of the largest municipal parks in North America didn't have a trail race, Bryan designed two challenging routes: 10km and 25km. With two loops of the 25km, he now had his ultra. Nine years later the Rompin' Rockwood is now considered one of the largest trail races in the Maritimes.

The route features primarily technical single-track trail with some crushed gravel, and very little pavement. Although there are no huge climbs, it is rarely flat, and your legs will feel the technicality of the trails. **You won't climb for long, but you will climb a lot!**

On May 23rd, we get to celebrate the 9th annual Rompin' Rockwood. This year we bring you new routes, amped up vibes, and the opportunity to earn International Trail Running Association (ITRA) points. It is such a great way for us to kick off the season and the SJ Trail Race series – See below for all the details!

**Thank you so much for your interest and support.
We cannot wait for race day!**
